Prodigy Control System App : Pre-Install

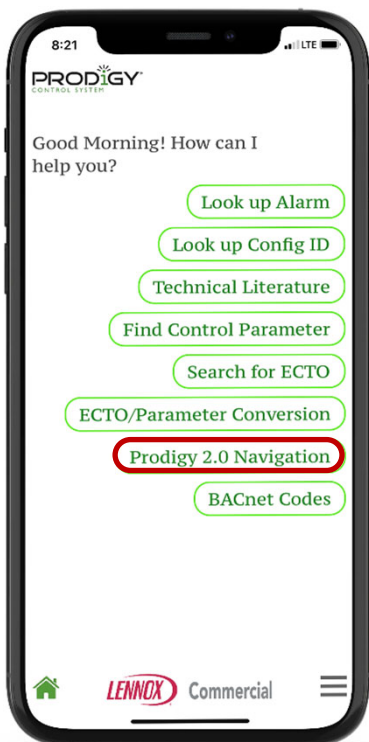

Follow this menu path to set up the Emergence unit.

The Pre-Install process must be performed as the first step of any Emergence unit startup or anytime a Prodigy control board is replaced.

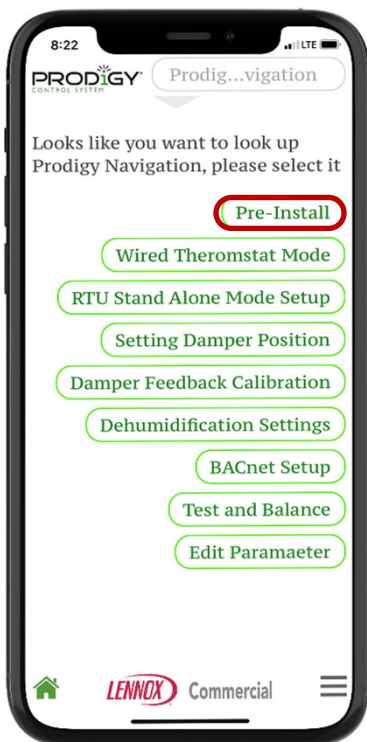

Open the Prodigy app and follow the steps below.

1. Tap **Prodigy 2.0 Navigation**.
2. Tap **Pre-Install**.
3. Follow the step-by-step guide to set up the unit.
