

COMMERCIAL THERMOSTATS

Simple and efficient
temperature control

Commercial Touchscreen Thermostat

Lennox' most user-friendly thermostat for nearly effortless temperature control

Simple operation with sophisticated features and capabilities

Designed for wall or remote programming

Seven-day programmable with up to four time periods per day

Compatible with almost any heating and cooling system

Model COSTAT02AE1L

An intuitive touchscreen makes this thermostat simple to use

Achieve precision temperature control with minimal effort. Lennox' commercial touchscreen thermostat has clear menus that help the user customize settings, leading them through the process with up and down arrows and flashing prompts.

Its advanced logic responds to every selection and almost any schedule, virtually eliminating noticeable swings in temperature.

Program it on the wall or from your desk

This thermostat mounts directly to a wall, but for added flexibility is easily removed for remote programming. Should the building experience a power outage, optional battery power ensures continuous thermostat operation.

Digital Non-Programmable Thermostat

Contemporary design fits well on any wall

Simple up and down arrows for intuitive temperature adjustments

Easy-to-read digital interface that displays operational status

Model COSTAT10AE1L

Simple-to-use, dependable control

Experience the benefits of digital control without the complications of a sophisticated system. Using the simple, intuitive interface is as easy as pressing the up arrow to increase the setpoint or pressing the down arrow to decrease it.

The thermostat includes automatic changeover, anticipation, droop and short-cycle protection. In addition, an occupied/unoccupied mode allows different settings for day and night to improve efficiency—all with the touch of a button.

Digital Non-Programmable Thermostat

Large display and buttons for ease of use and convenience

Intuitive, advanced electronics for precise control of temperature

Stylish design complements any interior setting

Model COSTAT12AE1L

An intuitive touchscreen makes this thermostat simple to use

This digital non-programmable thermostat offers a stylish design along with simple touch operation and precise temperature control. The intuitive, advanced electronics provide equipment protection timers and filter and service reminders.

Operation couldn't be easier. Large rubber buttons and backlit display allow you to quickly find the right setting, day or night. No more fumbling with clumsy dials or slides.

SOLUTIONS FOR CUSTOMIZED COMFORT

Don't just choose a Lennox® product...choose a Lennox Commercial Comfort System. These complete packages of HVAC solutions provide tools to create a healthy and comfortable environment.

Packaged Units

- Strategos® Rooftop Units
- Energence® Rooftop Units
- Landmark® Rooftop Units

Split Systems

- S-Class® Air Conditioners/Heat Pumps
- T-Class™ Air Conditioners/Heat Pumps
- Air Handlers
- Indoor Coils

Heating

- T-Class Unit Heaters
- Unit Heaters
- Duct Furnaces
- Furnaces

Commercial Controls

- Prodigy® Control System
- L Connection® Network
- Systems Integration Solutions
- Commercial Thermostats

Indoor Air Quality

- Humiditrol® Dehumidification System
- Demand Control Ventilation
- Energy Recovery Systems
- Air Filters
- UVC Germicidal Lights

Innovation never felt so good.®
